

Course Overview: Higher Graphic Communication

Tuesday, 26 September 2023

Course Content

- 2D Graphic Communication
- 3D and Pictorial Graphic Communication

Pupils will develop creativity and presentation skills within 2D and 3D graphic communication contexts. They will plan, develop and communicate ideas graphically, using 2D and 3D graphic techniques. Pupils develop many skills including spatial awareness, visual literacy, and the ability to interpret drawings, diagrams and other graphics. They will also evaluate the effectiveness of their own and given graphic communications to meet their purpose.

- *A prior N5 award for Graphic Communication would be recommended for entry into the Higher course due to the **skills** required.*
